

TradeChem

Page Requirements & Strategy Document

Dokumen ini merangkum keseluruhan requirement, strategi, dan KPI target untuk lima halaman utama platform TradeChem — mencakup dimensi Traffic, Engagement, Conversion, Retention, dan Differentiation.

TRAFFIC	ENGAGEMENT	CONVERSION	RETENTION	DIFFERENTIATION
---------	------------	------------	-----------	-----------------

DAFTAR ISI

01	High-Traffic SEO Landing Page	Entry point dari organic search, price chart, RFQ CTA
02	Product Detail Page	Spec table, supplier list, landed cost calculator
03	Search Results Page	Smart filters, supplier comparison, market signals
04	Market Intelligence Page	Price dashboard, reports, alert system
05	Unique Feature Page	Smart Sourcing Hub — RFQ wizard, KYC panel, dashboard
06	Feature Priority Matrix	Must Have vs Differentiator vs Nice to Have

01

High-Traffic SEO Landing Page

Entry point untuk high-intent buyers dari Google. Harus membuktikan relevansi dalam 3 detik pertama.

TRAFFIC: SEO entry point

ENGAGE: Data-Driven Hook

CONVERT: RFQ CTA above fold

DIFF: Free price data

ABOVE THE FOLD — CRITICAL ZONE

Live Price Chart
→ Interactive price trend chart (30/90/365 hari) di posisi paling atas
→ Badge 'Live' atau last-updated timestamp
→ Hover tooltip untuk historical data point
→ Perbandingan harga regional (Jawa, Sumatera, impor)

Primary CTA — RFQ Button
→ Tombol 'Request Quotation' langsung di samping price chart
→ Secondary CTA: 'Compare Suppliers' tidak bersaing visual
→ Sticky CTA saat scroll di mobile
→ Mini inline RFQ form untuk reduce click friction

TRUST & SUPPLIER SIGNAL

Supplier Summary Box
→ Badge: 'X verified suppliers' untuk produk ini
→ MOQ range visible tanpa login
→ Country / location badges (origin & warehouse)
→ Top 3 supplier cards dengan rating & last active

Document Access
→ SDS, TDS, COA tersedia langsung tanpa login
→ Compliance badges: REACH, Halal, Kosher jika berlaku
→ CAS number dan purity spec visible di halaman
→ Differensiasi utama vs Knowde login wall

SEO CONTENT STRUCTURE

On-Page SEO
→ H1 mengandung keyword utama (misal: 'Caustic Soda Supplier Indonesia')
→ Structured data Schema.org Product + FAQ
→ Internal link ke Market Intelligence page
→ FAQ section untuk long-tail keyword capture

Market Context Block
→ 1-paragraph market overview + link ke full report
→ Supply outlook: Tight / Stable / Oversupply indicator
→ Price movement summary (naik/turun dalam 30 hari)
→ Breadcrumb navigation yang SEO-friendly

KPI TARGET

<35%	>8%	Top 3	2+ min
Bounce rate target	SEO-to-RFQ CTR	Google ranking posisi	Avg session duration

0 2 Product Detail Page

Halaman validasi teknis. Buyer yang masuk sudah punya intent kuat. Tujuan: eliminasi keraguan dan dorong RFQ.

ENGAGE: Technical Utility

CONVERT:
Multi-stakeholder toolkit

RETAIN: Save & Alert

DIFF: Landed Cost
Calculator

PRODUCT HERO SECTION

Identitas Produk

- Nama produk + CAS number + nama IUPAC
- Purity grade options: technical / food / pharma
- Price range (min-max dari verified suppliers)
- Price trend mini-chart (7 hari) di header
- Tag: Halal / REACH / Kosher / ISO jika tersedia

Action Panel

- Tombol 'Request Quotation' — primary, always visible
- Tombol 'Compare with 2 other suppliers'
- Tombol 'Save to Watchlist' sebagai retention hook
- Tombol 'Download Spec Sheet' dalam format PDF
- Tombol 'Set Price Alert' untuk returning buyers

TECHNICAL SPECIFICATION & LANDED COST CALCULATOR

Spec Data Table

- Tabel: appearance, purity, moisture, pH, dll per produk
- COA sample downloadable langsung dari halaman
- Packaging options: drum, IBC, bulk, flexi bag
- UN number dan hazmat classification jika berlaku

Landed Cost Calculator — Fitur Utama

- Input: qty, origin port, destination, incoterm
- Output: freight + duty + total landed cost per ton
- Export hasil ke PDF untuk internal approval finance
- Tidak ada di kompetitor manapun — strongest differentiator

SUPPLIER SECTION

Verified Supplier List

- Card per supplier: nama, verified badge, rating, years active
- MOQ, lead time, payment terms per supplier
- Warehouse location / origin country badge
- Sort: by rating / MOQ / lead time / price

Supplier Comparison Tool

- Side-by-side comparison maksimal 3 supplier
- Highlight perbedaan spec dan harga secara visual
- Export comparison sebagai PDF untuk decision maker
- Link ke audit report masing-masing supplier

MULTI-STAKEHOLDER SUPPORT

Shareable Assets

- Tombol 'Share this page' untuk internal advocacy
- One-click: export full product dossier ke PDF
- Specs + suppliers + cost dalam satu dokumen

Related Content

- Link ke market intelligence artikel produk ini
- Related products: substituents / downstream chemicals
- Recently viewed suppliers di sidebar

KPI TARGET

>2 min	>15%	>20%	>10%
Avg time on page	RFQ submission rate	Doc download rate	Watchlist save rate

0 3 Search Results Page

Buyer memfilter, membandingkan, dan memutuskan. Setiap klik filter = satu langkah lebih dekat ke RFQ.

ENGAGE: Frictionless Decision

CONVERT: Smart suggestion chips

TRAFFIC: Internal nav hub

DIFF: Smart filter vs catalog

SEARCH BAR & SMART SUGGESTIONS

Search Experience

- Autocomplete: nama kimia, CAS number, synonym
- Suggestion chips: 'Certified Suppliers', 'Fast Shipping', 'Halal'
- Typo tolerance + synonym mapping (NaOH = caustic soda)
- Recent & saved searches untuk returning buyers

Smart Filter Panel

- Chemical grade: technical / food / pharma / industrial
- Region/origin, MOQ range, lead time, price range
- Certifications: Halal, REACH, ISO, Kosher
- Toggle: verified suppliers only
- Filter count badge di setiap kategori

RESULT CARDS

Supplier Result Card

- Nama supplier + verified badge + rating stars
- Produk yang ditawarkan + price range tanpa login
- MOQ, lead time, payment terms visible langsung
- Compliance tags inline (Halal, REACH, ISO)
- Tombol 'Quick RFQ' dan 'Compare' di setiap card

Comparison Feature

- Checkbox 'Compare' di setiap card, maksimal 3
- Sticky comparison bar muncul di bottom (≥ 2 dipilih)
- One-click buka side-by-side comparison
- Export comparison ke PDF untuk sharing internal

MARKET CONTEXT IN RESULTS

Inline Market Signal

- Banner: 'Harga HDPE naik 3% bulan ini'
- Supply indicator per produk: Tight / Stable / Abundant
- Link ke Market Intelligence page untuk konteks lebih

Sort Options

- Sort: Relevance / Price / Rating / Lead time
- Default: relevance + verified supplier first
- Sponsored placement clearly labeled jika ada

KPI TARGET

<3	>25%	>12%	<5%
Avg filter interactions	Search-to-detail CTR	Comparison usage rate	Zero-result rate

04 Market Intelligence Page

Untuk buyers di tahap riset awal. Membangun TradeChem sebagai procurement intelligence platform, bukan sekadar katalog.

TRAFFIC: Long-tail research

ENGAGE: Sticky habit formation

RETAIN: Return within 7 days

DIFF: Free vs ICIS paywall

DASHBOARD: OVERVIEW

Price Index Dashboard

- Index harga kategori utama: olefin, caustics, solvents, polymers
- Visual heatmap perubahan harga minggu ini
- 'Biggest movers' — 3 produk naik/turun terbanyak
- Toggle: view by region (ASEAN / global)

Price Alert System

- Non-intrusive banner mengarahkan researcher ke sourcing
- Tombol 'Set Alert for this chemical' di setiap chart
- Alert options: email / in-app / threshold-based
- Data dasar tidak memerlukan signup — friction minimum

CONTENT: REPORTS & ARTICLES

Market Reports

- Weekly price update per kategori kimia
- Monthly supply-demand outlook (free tier)
- Supply risk alerts: shortage warning, force majeure
- Regulatory update: perubahan duty, REACH, SNI

Regional Insights — Fokus SEA

- Price comparison: China vs India vs ME vs domestik
- Import duty calculator per komoditas dan asal negara
- Fokus Southeast Asia sebagai diferensiasi dari ICIS global

CONVERSION BRIDGE: RESEARCH → SOURCING

Bridge Elements

- Di setiap artikel: sidebar 'Suppliers for this chemical'
- Inline CTA setelah price chart: 'Ready to source? RFQ'
- Related products widget untuk cross-discovery

Free vs Premium Tier

- Free: 30-hari data, weekly reports, basic alerts
- Premium: real-time data, forecast, API, custom alerts
- Gate ringan — tidak memblokir discovery dasar

KPI TARGET

7 hari	>3 min	>15%	>18%
Target return rate	Avg session intel page	Alert opt-in rate	Intel-to-RFQ conversion

05 Unique Feature Page: Smart Sourcing Hub

Tidak ada di kompetitor manapun. Kombinasi: Landed Cost Calculator + RFQ Wizard + KYC Panel + Procurement Dashboard.

DIFF: Core differentiator

RETAIN: Workflow integration

CONVERT: RFQ Wizard

ENGAGE: Interactive tools

FEATURE 1: LANDED COST CALCULATOR — STRONGEST DIFFERENTIATOR

Input Fields
→ Chemical + grade + quantity + unit (kg/ton)
→ Origin: dropdown negara supplier
→ Destination port + incoterm (FOB, CIF, DDP, dll)
→ Packaging type untuk freight calculation akurat

Output Breakdown
→ Product cost (range dari verified suppliers)
→ Freight estimate otomatis (FCL/LCL by volume)
→ Import duty + VAT calculation per komoditas/negara
→ Total landed cost per kg / per ton
→ Export ke PDF — siap dibawa ke meeting finance

FEATURE 2: RFQ DRAFTING WIZARD — STEP-BY-STEP

5-Step Wizard Flow
→ Step 1: Pilih chemical + spec requirements
→ Step 2: Tentukan qty, packaging, delivery timeline
→ Step 3: Smart supplier matching berdasarkan kriteria
→ Step 4: Preview RFQ sebelum dikirim
→ Step 5: Multi-supplier RFQ dengan satu klik

Smart Matching Algorithm
→ Algoritma matching: spec buyer -> supplier capability
→ Match score per supplier dengan breakdown alasan
→ Highlight kenapa supplier direkomendasikan
→ Opsi kirim ke 1, 3, atau semua matched suppliers

FEATURE 3: SUPPLIER KYC TRANSPARENCY PANEL

Verification Information
→ Tanggal verifikasi terakhir + metode verifikasi
→ Business registration, tax ID, import license visible
→ Audit report downloadable secara selektif
→ Performance: on-time delivery rate, response rate

Trust Score System
→ Trust score 0-100 dengan breakdown per dimensi
→ Buyer review dan rating history terdokumentasi
→ Red flag indicators jika ada anomali
→ Comparison trust score antar supplier side-by-side

FEATURE 4: PERSONAL PROCUREMENT DASHBOARD

My Watchlist & Alerts
→ Saved chemicals dengan price alerts aktif
→ Mini trend chart per watchlist item
→ Alert history dan triggered notifications
→ Shortcut ke saved suppliers

RFQ History & Continuity
→ List semua RFQ yang dikirim + status tracking
→ 'Re-order' RFQ dengan satu klik untuk repeat sourcing
→ Previously contacted suppliers mudah ditemukan
→ Procurement notes per project/kategori

Feature Priority Matrix

Feature	Halaman	Prioritas	Vs Kompetitor
Live price chart (free)	SEO Landing, Market Intel	MUST HAVE	vs ICIS paywall
RFQ button above fold	SEO Landing, Product Detail	MUST HAVE	vs ECHEMI friction
Verified supplier badge	Semua halaman	MUST HAVE	vs Alibaba unverified
Doc access tanpa login	Product Detail, SEO Landing	MUST HAVE	vs Knowde login wall
Smart supplier comparison	Search, Product Detail	MUST HAVE	vs Knowde basic
Landed cost calculator	Product Detail, Unique Feature	DIFFERENTIATOR	Tidak ada di kompetitor
Market intelligence free tier	Market Intel	DIFFERENTIATOR	vs ICIS all-paywalled
RFQ wizard multi-supplier	Unique Feature	DIFFERENTIATOR	Tidak ada di kompetitor
Supplier KYC trust score	Unique Feature, Search	NICE TO HAVE v1	Partial di Knowde
Price alerts & watchlist	Unique Feature, Market Intel	NICE TO HAVE v1	Retention driver
Procurement dashboard	Unique Feature	NICE TO HAVE v2	Workflow integration
